THE DEM. JACK. ASS. RESUR-RECTED. A Dozen of the Old Stock Eat Their Little Mess of Crow.

GREELEY AND BROWN ENDORSED.

The Time-Honored Principles of Democracy to be kevived Under H.G. A meeting of the democratic Jackson association was called to meet at Wilson's hall, Pennsylvania avenue, near 7th street, last night. THE STAR reporter could find no such hall, but near the place indicated a colored man was stationed, whose business it was to direct seekers after democratic principles across the way on Louisiana avenue, to Beck'shall, where a meeting was held by the real ancient stock. In our report of the proceedings below, older readers of THE STAR will recognize some familiar names connected with this famous association in the old ante-bellum days. Col. B. F. Swartz is calling the meeting to order said they had mee to reorganize this grand old club for the coming campaign. He thought that with the experience of the people of this country the past ten years of radical rule, the great sentiment that underlies the current of political feeling is for a return to the Constitution of the country as a grand basis for government. The good old fackson democratic at ociation now propose to go to work again and send out documents to the four quarters of the country, and let their old friends rejoice to know that they still live.

"DEMOCRACY IS NOT DEAD," said the colonel. "Casar still lives, and when democracy is dead, the constitution of our country and civil liberty is dead, for their priniples founded upon the constitution makes democracy identical with it.' Let them now go to work and do what they could to bring about a return to the constitution and elect Greeley and Brown, the nominees of the democratic convention at Baitimore. He had been resent several times when their meetings had been characterized as the funeral of the domocratic association, but it was now,

PHOENIX-LIKE ABOUT TO RISE AGAIN in all the pride and strength of manhood to battle with their ancient enemies. The signs of the times point to a resurrection of the time henored principles of democracy and the overthrew of radicalism in this country and over the world. He knew that some of their old friends had left them and were doing battle in the ranks of the enemy;

will meet you at the street corners and try to persuade you that it is better to support Grant, than Greeley and Brown. Don't stop to talk with them, they are deceivers and dangerous

Mr. R. S. Davis moved the appointment of a

committee of fivoto select officers of the association and report at a future meeting.

Mr. Schmidt was opposed to it. He was in favor of all the members having a voice in the organization; he had seen THIS LITTLE CLOSE CORPORATION BUSINESS. work before, and it should never be repeated

again with his knowledge and consent. Mr. R. S. Davis said it would not be fair to organize now as there had been a misunderstarding about the place of meeting, and many of their members were not present. Let them put this into the hands of a committee to report at the next meeting.

Major W. G. Flood said they were acting in rather a promiscous manner, let them open the

rolls and see who were members of the club; let those who wish to come in, do so, and take part in the organization; this was democratic. Further discussion on the advisability of an immediate organization occupied considerable time; Mr. John E. Norris and Dr. Clayton opposing, and Dr. Allen favoring immediate organization. Mr. Norris moved that they adjourn, to meet again on the 22d instant for organization; lost. Dr. Allen moved that a committee of five be

appointed to make nominations and report at once: lost. Mr. John C. Cook moved that all democrats be invited to sign the rolls; carried, and about a dozen came forward and signed their names. On motion, it was decided to go into an immediate election of officers, and

NOMINATIONS FOR PRESIDENT were called for.

H. S. Davis, John E. Norris and Jesse B. Wilson were named. The vote was taken by bailot, which resulted Mr. Wilson declined to be a candidate. The next ballot resulted in a tie vote between

Mr. Norris and Mr. Davis. Mr. Davis came forward, and in a brief speech stated that he had been president of the association twenty-four years ago. It was an honor which any man might well be proud of. He had felt proud of the honor ever since, but would not stand in the way of the success of a cause, the importance of which could not be estimated, and he begged to be excused from being a candidate for re-election to this honorable position, and would nominate

THE BEST DEMOCRAT IN THE DISTRICT OF John E. Norris, Esq. [Cheers.]
Mr. Norris was elected by acclamation.
A committee was appointed to conduct Mr.
N. to the chair, and he was introduced by the

retiring president, Col. Swartz, and made some spirited remarks, during which he was frequently cheered. At this juncture a large delegation of the Young Men's democratic association entered the room, and were introduced by Mr. J. B.

Ellis. The chair welcomed them on behalf of the association. On motion of Mr. R. S. Davis, Mr. Jesse B. Wilson was chosen first vice president, by acclamation; Capt. James Goddard, of Georgetown, second vice president; Henry S. Davis, treasurer; Richard Smith, recording secretary; C. P.

Culver, corresponding secretary, and W. H. Mr. b. S. Davis moved that the chair be empowered to a point an executive committee of seven, and report their names at the next meet-

ing; carried.
Mr. Burrows, on behalf of the Young Men's democratic association, returned thanks for the courtesies extended them by THIS ANCIENT ASSOCIATION.

Mr. J. J. Coombs here made a statement that the prominent members of the Greeley and Brown club and Young Men's democratic club had held a conference, and had come to the con-clusion that as a general desire prevailed among the different organizations to retain their dis tinctive identity, and as they all had a common object, to wit, the election of Greeley and Brown, it was deemed proper that each organization choose a committee of three members to meet a similar committee from the National Democratic Jackson association at the rooms of the Sunday Herold office to-night, to agree upon a common plan of operations, divide the work,

to which they could look for direction and advice. A protracted discussion followed here as to which of the organizations should be recognized as head center, the old members inti-mating that they could recognize no organiza-tion but the Dem. Jack. Ass. as such head, and the Greeley and Brownites demurring. As the discussion progressed the dissatisfaction cropped out more and more, and gave evidence of the INCOMPATIBILITY OF THE VARIOUS ELEMENTS composing the anything-to-beat-Grant party. Finally, the motion of Mr. R. S. Davis, that a committee of three be appointed, as suggested by Mr. Coombs, prevailed, and Messrs. R. S. Davis, H. S. Davis and Jesse B. Wilson were

appointed. Dr. Clayton offered a series of resolutions that the National Democratic Jackson Association cordially endorse the platform of the Baltimore convention and the nomination of Horace Greeley and Gratz Brown, and bind themselves to work together for the election of these candidates, &c.; adopted and referred to the committee of three on co-operation with the other

organizations, to meet to-night.
Further discussion ensued between Messrs.
Culver, Clayton; Flood, Coombs, and Davis on DISCORDANT ELEMENTS TO BE RECONCILED, and the problem was finally dropped as a hard one to solve.

Dr. Allen moved an amendment to the constitution so that presidents of the various legislative district organizations instead of ward clubs be admitted as vice presidents of the democratic association, which was laid over, and after remarks from several members the most after remarks from several members the meeting adjourned.

Civil Bights in Restaurants, &c. 95 FOR MIXED DRINKS AND "STRAIGHTS" IN

PROPORTION. The law passed at the last session of the Dis-trict legislature in relation to civil rights in hotels, cating houses, &c., went into effect today. Its provisions were published in yester-day's STAR. It imposes penalties for making Its provisions were published in yesterany distinction in serving respectable guests on account of color, and requires the conspicuous display in public houses of lists of prices. While in some of the restaurants feed and drink have been served to all colors alike to-day, others have put up cards with enormously large prices marked on them, a heavy discount being made in the case of white customers, so as to accommodate them at the usual rates. At one leading saloon on the avenue the prices posted up are as follows: Whiskey, \$2 per drink; brandy, \$5; gin, \$2; ale. 1; all mixed drinks, \$5; all bitters, \$1. The bill of fare is as follows: steak, \$2; chops, \$2; ham and eggs, \$3; boiled eggs, fried eggs, coffee, tea, bread and butter, \$1 each; fish of all kinds, \$2; raw tomatoes, 50 cents. The down-town places have printed scales of prices, as follows:—"Brandy, \$1 per drink; whisky, Holland gin, Jamaica and St. Croix rum, Madeira, Port, Claret, Hock, Sherry and Rhine wines, malt liquors, soda and Seltzer waters and imported ales, 50 cents per drink, mixed drinks, 75 cents; cigars, 25 cents to \$1.50 each; Champagne and imported wines, \$10. A liberal deduction made to our regular patrons." The confectioners and barbers are also included in the law, but we have so far heard of none who have not pested their regular rates.

The Fire-Alarm Extension Business. ABOTHER LIVELY MEETING OF THE FIRE COM MISSIONERS.

At the meeting of the board of fire commis sioners last night, all the members present, Mr. Batley inquired if anything had been done to carry out the action of the board at the previous meeting in regard to the extension of the firealarm telegraph to Georgetown. Mr. Baker said he had heard several opinions

of a legal character, and they were adverse to awarding the contract for the extension of the fire-alarm telegraph to Georgetown to Gamewell & Co., for the reason that this company had not complied with the specifications. Mr. McDevitt had beard the same thing, and that the Holley Company intended to contest the matter, and he thought he had a resolution that would cover the entire matter, and get rid

Mr. Baker thought it would be advisable for the board to get a legal opinion to protect them-While Mr. McDevitt was speaking he observed Mr. Stover, general agent of Gamewell & Co.,

in an adjoining room, and called out in a per-emptory manner, "We want no lobbying here." Mr. Smith said it was strange that at this late day something illegal had been discovered in the contract. He hoped that the matter would be settled finally. He had heard a prominent member of the House of Delegates say that the contract should be awarded to Holley & Co., on account of the approaching election. He mentioned the fact on account of THE CHARGES OF LOBRYING

that had been spoken of, and to show that there had been lobbying on the other side of the ques-Mr. Bailey offered a resolution that the secretary of this District be requested to draw up a contract with Gamewell & Co., of New York,

on behalf of this board, in accordance with the resolution passed at a previous meeting, for the construction of the extension of the fire-alarm telegraph to Georgetown, said contract to be signed by the president and secretary of this Mr. McDevitt offered a substitute to the effect that as there is some doubt whether the conract for the proposed extension of the fire-alarm

telegraph to Georgetown can be legally awarded to Gamewell & Co., on their bid now before this board, the Governor be requested to solicit the opinion of the attorney for this District in relation to the subject, &c. The vote was then taken on the substitute, and it was rejected by the following vote:— Ayes—Messrs. Baker, Barker and McDevitt. Nays—Messrs. Wallace, Bailey, Smith and

Booker. Mr. Smith then took the floor and said. " ! am authorized by Gamewell & Co." Here he was interrupted by President Baker, who said, "I object to any statement being made from Gamewell & Co." Mr. Smith..." Well, sir, I will make the statement for myself. Members of this board in the interest of Miles & Holly have repeatedly stood up here and made statements for them, and no one has objected. Now, sir, (with considerable feeling,) I propose to assert my right to be heard. I know that Gamewell & Co. are in no way responsible for any failure on the part of Kennard & Co., the original contractors, and the acceptance of their work is good evidence that their contract was fulfilled. The truth is, that all this talk about legal points and these efforts to load the contract, which we have voted to Gameweil & Co. with unreasonable amendments are only in-

TO DEFEAT THE WILL OF THE MAJORITY of this board. I am perfectly sure that if the vote had been in tavor of the other parties there would have been no question of its legality raised, and the contract would have been signed before this time. The gentleman (Mr. McDevitt) charges that we are "pushing this through," but the "pushing" was all on his side until he found a majority of the board against him. Why, Mr. President, the very first time this question came before us, nearly six months ago, that gentlemen moved that a contract be awarded Holly & Co., and this before the members had had any opportunity to investigate the merits of the case.

THAT IS WHAT I CALL "PUSHING." Mr. McDevitt then submitted another substitate reciting that whereas the firm of Gamewell & Co. sold to the fire department of this city, in February, 1871, nine alarm signal boxes for the full price us cally asked for perfect instru-ments of their kind, and which were represented to be good and perfect in truments by said firm when sold; and whereas the magnets in each of said boxes were and now are, so imperfect as to be entirely useless; that until said boxes shall Game well & Co., that this board must decline to enter into contract with said company for any further work in their line, &c.

Mr. Bailey presented A COMMUNICATION FROM J. W. STOVER for Gamewell & Co., which was read, stating that no apparatus was ever sent out by the firm he represented without being thoroughly tested. It, however, any defects exist for which the manufacturers can be rightly held responsible, they are now ready, as they have always been, to remedy such defects.

Mr. McDevitt desired to ask Mr. Stover a question, and subsequently Mr. Booker hoped Mr. S. would be allowed to come in and, after answering Mr. McD.'s question, be allowed to make a statement in reference to the alleged defective boxes. Mr. McDevitt then said he had concluded not to ask Mr. Stover any questions here but would do so through the press. The vote on McDevitt's substitute was: Ayes-Messrs. Baker and McDevitt; nays-Messrs. Barker, Bailey, Booker, Smith and Wallace.

The vote on Mr. Bailey's resolution was then taken and resulted as follows: Ayes-Messrs. Bailey, Booker, Smith and Wallace-4; nays-Messrs. Barker, Baker and McDevitt -3. Mr. Barker offered a resolution, which was adepted, requiring the contractors to enter into bonds for \$2,000 for the faithful fulfillment of the contract. The board then adjourned.

DR. JOHNSTON, BALTIMORE LOCK HOSPITAL,

OFFICE, 7 SOUTH FREDERICK STREET. From his extensive practice in the great Hospitans of Europe and the first in this country, viz: England, France, Philadelphia and elsewhere, can offer the most certain, speedy and effectual remedy in the world for all DISEASES OF IMPRUDENCE

Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder, involuntary Discharges, Impotency, General Debility, Nervousness, Pyspepsia, Labrace, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight or Giddiness, Disease of the Head, I broat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bewels—those terrible I usorders arising from Solitary Habits of Youth—such at and solitary practices more fatal to their victims than the songs of the Syrens to the Mariners of Ulysses, blighting their most brilliant kepes or anticipations, rendering marriage, &c., impossible.

Especially, who have become the Victims of Solitary Vice, that dreadful and destructive bubit which armally sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced distential Senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence. ORGANIC WEAKNESS

Immediately Cured and Full Vigor Bestered.

This distressing affection, which renders life miscrable and marriage impossible, is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptems of both body and mind arise. The system becomes deranged, the physical and mental function weakened, loss of processive power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility and wasting of the frame, cough, consumption, decay, and death.

TAKE PARTICULAR NOTION TAKE PARTICULAR NOTIOE.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting for either business, study, society or marriage.

These are some of the sail and melancholy effects produced by the early habits of youth, viz:—Weakness of the Bark and Limbs, Pains in the Head, Dimess of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspensia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptons of Consumption, &c. rangement of the Discusive Functions. General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects of the mind are much to be dreaded. Loss of Memory, Confusion of Ideas. Depression of Spirits, Evil Forebodings, Aversion to Eociety, Self distrust, Love of Solitude. Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now indge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emacisted, having a singular appearance about the eyes, cough and symptoms of Consumption.
